SKILLS

Database Management: SQL, SQL Server(SSMS)

Data Visualization: Power BI, Tableau;DAX, Power Query, Data Modeling

Cloud Computing: AWS, Azure, GCP

ERP: SAP Business One

EXPERIENCE

Center for System Design, NITK

Jan 2025

Internship

- Cleaned and organized large datasets to maintain data accuracy and integrity
- Conducted exploratory data analysis (EDA) to identify trends and patterns that supported business decisions
- Developed interactive dashboards and visual reports using tools like Tableau and Power BI to communicate insights effectively
- SQL queries were used to extract and manipulate data for analysis

PROJECTS

Accenture - Data Analytics and Visualization

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture
- Cleaned, modelled and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders

Amazon - Sales Analytics and Visualization

- Processed and structured raw sales data using formulas, pivot tables, and data validation techniques
- Designed and implemented a MySQL database to store and manage Amazon sales data efficiently
- Developed interactive Power BI dashboards to track sales trends, top-selling products, and order fulfillment
- Analyzed B2B vs B2C sales performance, identifying key revenue drivers

Goldman Sachs - Sales Analytics and Visualization

- Acquired proficient command of Excel functionalities and data analysis techniques, including data cleansing, and manipulation, and conditional formatting techniques
- Acquired proficiency in automation by learning to record macros and script in Visual Basic for Applications (VBA), developing two functional macros integrated with buttons using account sales data
- Gained expertise in data visualization and storytelling using Excel and PowerPoint by creating impactful charts and interactive dashboards

EDUCATION

Sahyadri College of Engineering and Management

2021-25

B.E. in Engineering (Mechanical)

CGPA: 8.1

CERTIFICATIONS

- Google Data Analytics Professional Certification
- Microsoft Excel Beginner to Advanced - Udemy
- Power BI Data Visualization - Forage
- Python for Data Analytics - Kaggle

SOFT SKILLS/PROFESSIONAL SKILLS

- Deadline-driven with the ability to deliver high-quality results under pressure
- Detail-oriented approach to ensure data accuracy and consistency
- Strong communication skills to present data insights clearly to both technical and non-technical stakeholders
- Adaptability to work in dynamic environments and learn new tools and technologies
- Strong command over presentation skills to deliver impactful reports and insights
